FORTY-SEVEN GRADUATES

Take Part in Commencement Exercises.

PROGRAM IS RENDERED

Mr. William P. Moloney Delivers Class Address.

Seventh Annual Patterson Commencement Held Saturday at High School Building.

The seventh annual Patterson commencement of Marion county was held in the auditorium of the High School building Saturday afternoon at 2 o'clock. The graduates, numbering forty-seven, were all present, together with their parents and scores of friends, the auditorium being occupied almost to its seating capacity.

An interesting program which had been arranged by the county examiners, was rendered, after which the graduates were presented with their diplomas. It was the largest class that has ever been graduated in the county under the Patterson law and the occasion proved a brilliant success in every detail.

The particular feature of the program was the class address, delivered by Mr. William P. Moloney. The address was replete with helpful ideas along various educational lines and Mr. Moloney held the rapt attention of his audience throughout.

In the course of his remarks Mr. Moloney called attention to the contrasting conditions existing between the country schools and the graded schools of the city. He spoke of the thoroughness of the rural schools, and said that because of the fact that the rural students master their respective studies they more often make a success of their advanced education than the city pupil.

The speaker advised that the graduates all enter high school and remain there until they complete the course, but warned them of the danger of being over ambitious.

He declared that the student should take all the time allotted in completing the course, and by no means attempt to take the four-year course in three. Throughout the entire address Mr. Moloney emphasized the special factor of "thoroughness." He advised the students to be thorough in all things and a successful life would be assured.

At the conclusion of the address Professor R. B. Bell, president of the county board of examiners, presented the graduates with their diplomas.

The Doctor Away From Home When Most Needed.

People are often very much disappointed to find that their family physician is away from home when they most need his services. Diseases like cramp colic and cholera morbus require prompt treatment, and have in many instances proven fatal before medicine could be procured or a physician summoned. The right way is to keep at hand a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy. No physician can prescribe a better medicine for these diseases. By having it in the house you escape much pain and suffering and all risk. Buy it now; it may save life. For sale by all druggists.

LABOR DAY PROGRAM APPROVED BY UNIONS

Plans Made to Begin Active Work at Once.

Sub-Committees Named to Look After Details in the Coming Celebration.

Members of the various local unions interested in the coming Labor Day celebration met at the Fahey hall on North Main street Sunday morning and planned to start active work in preparation for the big affair.

Sub-committees were named to look after the various details. The program arranged several weeks ago was approved and the committees were instructed to go ahead with the work of planning the different features.

Today the finance committee, composed of Andrew McLaughlin, W. K. Snider and H. D. Stone began its work of collecting subscriptions made by local business men. While the contributions have not been liberal as had been expected it is thought that enough money will be obtained to meet expenses.

Another meeting will be held on next Wednesday evening.

GOVERNOR HAS ISSUED CALL

Special Election will be Held.

EMERY MAY BE CHOSEN

As Candidate to Fill the Present Vacancy.

Successor to Late Dr. J. H. Criswell May be Elected at Regular Fall Election.

Thomas D. Emery and L. B. McNeal, of the Republican central committee held a conference with Governor Harris, at Columbus, Saturday, and as a result the governor issued a call today for a special election to fill the vacancy made by the death of Dr. J. H. Criswell, Marion county's representative in the lower house.

The members of the committee received notice Monday from the governor that a special election had been ordered, and preparations are being made for a meeting of the committee. Secretary Emery stated today that he will call a meeting of the central committee for August 4, at which time the manner of nominating candidates for the office and many of the details will be decided upon. It is probable that the election will be held at the same time as the city elections this fall which would reduce the expense materially and be fully as satisfactory to both parties.

The majority of the county central committee think that a county convention for the nomination of a candidate for the office of representative will involve too much expense and it is probable that the committee will decide to nominate the party's choice.

T. D. Emery is spoken of as the most likely candidate but a number of others are expected to announce themselves during the next week. Mr. Emery has a solid backing and should have little trouble landing the nomination.

A meeting of the Democratic central committee will be held in the near future to transact similar business and to make arrangements for the city convention. One of the liveliest conventions of recent years is expected this summer.

There is more Catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease and prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Science has proven Catarrh to be a constitutional disease and therefore requires constitutional treatment.

Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, is the only constitutional cure on the market. It is taken internally in doses from 10 drops to a teaspoonful. It acts directly on the blood and mucous surface of the system. They offer one hundred dollars for any case it fails to cure. Send for circulars and testimonials.

BUFFETED FROM PILLAR TO POST

Pilgrim Preacher Again Compelled to Move.

Audience Blocks Traffic and Rev. Mr. McCall is Ordered to Change Location.

Rev. Mr. McCall, the pilgrim preacher who has been propounding his strange doctrines to crowds on the public square for several nights, is being buffeted from pillar to post.

After being forced to leave the courthouse square because of the competition of the salvation army, McCall took his stand on the corner next to the Kleinmaier store. Now he is back at the court house, doing his best to preach while the Army beats its bass drum.

Saturday night, McCall's congregation grew to such a size that the sidewalk and street were blockaded. The police ordered him to move over to the court house, and there the pilgrim will court during the remainder of his stay in the city.

HAMMOND GETS ANGRY

When Relatives of Wife got Into the Game.

At Hearing Troubles are all Patched Up and Case Dismissed—Police Court News.

Jerry Hammond, residing north of the city, and employee at the Ohio Lime and Stone company's plant appeared in mayor's court, Sunday and swore out an affidavit against Sydney Hendrickson and Charles Philippi, charging them with assault and battery.

Sheriff Brown and captain of police Bond visited the Hammond home and placing the men under arrest, lodged them in the city jail. At the trial Sunday evening, it developed that Hendrickson and Philippi were both related to Hammond's wife. They claimed that Hammond had been beating her and as she is but 15 years old and very frail, they went to the home with the intentions of either cleaning up Hammond or making him promise to let his wife alone.

After the case was thoroughly threshed out Hammond finally agreed to withdraw the affidavit, providing that the defendants would pay the cost. An agreement was reached and the case dismissed.

Emanuel Eager, a plain drunk, was arrested at 3:45 o'clock Sunday morning on North Prospect street, by Officer Babcock. He was given a hearing in mayor's court at 8 o'clock Sunday morning and upon pleading guilty, the mayor imposed a fine of \$5. Eager had no money but promised to pay and was released.

A palmist, Madam Linguis, appeared at the mayor's office this morning and asked the chief executive's permission to tell fortunes in the streets. She wanted to assure him that she was not a fake by telling him fortune, but the mayor declined and informed her that Marion has no use for fortune tellers.

Mayor Scherff granted the Coney Island united show company, located on the Aronhalt lots on North Prospect street, a \$5 per day license this morning. The show will be here throughout the entire week.
